Telephone: 570-758- 3615

Website: LMTMA.COM

.....

## APPLYING FOR GRANTS

The Lower Mahanoy Township Municipal Authority has applied for the following grants to improve the water system throughout the town of Dalmatia. A Local Share Grant has been applied for the replacement of water pipes along Water Street from Route 147 to Susanna Street. A PA Small Water and Sewer Grant has been applied for the replacement of water pipes along River Road from Susanna Street to Blacksmith Hill. Lastly a Northumberland County Community Development Block Grant has been applied for to fund the cost of replacing the pump motors at the Georgetown Water Pumping Station near Georgetown Heights.

## **\*\*\*AUTOMATIC BILL PAY\*\*\***

**For those customers of the Authority who have online banking, most financial institutions will have bill pay available to their customers at no cost. Please check with your bank as this could differ from institution to institution. Setting up a monthly automatic payment to the Lower Mahanoy Township Municipal Authority would eliminate the cost of late fees in case of forgetting to pay your water and sewer bill.**

## RESURFACING OR CEMENTING

**Reminder: If you plan on having any excavation work done on your property, please have your contractor contact PA One Call @811 and our System operator will be notified by them to locate all underground utilities.**

## DAMAGE

Please contact the Authority Office immediately at 570-758-3615 if you discover that damage has occurred on either the water or wastewater system so that the proper repairs can be scheduled. The Authority would like to say thanks to those people who have taken the time to report damage and/or leaks. It is greatly appreciated.

***After hour contact – 570-274-0554***

### **POOL FILLING**

If a consumer desires to fill or add water (300 gallons or more) to a swimming pool, the consumer must contact the Authority or its operator to obtain the written permission as to the time, date and amount of water which the consumer may use to fill or add to the pool and any restrictions that may be placed upon the water service at that time. If the consumer violates this provision, the water service to the property may immediately be terminated without prior notice and in addition, the violator shall be subject to the payment for the cost for termination or restoration of service, the actual or estimated amount of water used and a penalty of \$300 for damage to the water system. For more information, consumers may either contact the Municipal Office at 570-758-3615 or the plant operator at 570-274-0554 or you may send a request through our website under the “Services” tab and click Request from the drop down menu on the right top of the webpage. If you are not sure how much water your pool holds, under the “fill a pool” heading on the left side of the screen, there is place to calculate the amount of water needed.
